

SSCL Digital Literacy Services

Personal Technology Programs:

June 2015

300 Nasser Civic Center Plaza, Suite 101, Corning, N.Y. 14830 | ssclibrary.org | 607-936-3713

Computer Security & Privacy Workshop: Computer Science expert D. J. Dates will host this program. Workshop attendees will gain insight on how to safely travel around their computer and the Internet. D. J. will also discuss Encryption and Script Blocking! **Tuesday, June 2, 2015; 10:00 am – 12:00 pm**

Microsoft Excel: Course I: Learn the latest features of Microsoft Excel 2010. This tutorial will walk you through Cell Basics and how to Modify Columns, Rows and Cells. We invite you to bring your own laptop (if you have Excel 2010), and will provide laptops for those who need them. **Wednesday, June 3, 2015; 2:00 pm-4:00pm**

Microsoft Word Advanced Workshop: Your host, computer expert D. J. Dates, will take you on a tour of the advanced features and settings of Microsoft Word. **Tuesday, June 9, 2015; 10:00 am – 12:00 pm**

Microsoft Excel: Course II: Attendees must have taken “Microsoft Excel: Course I” or have working knowledge in basic use of Microsoft Excel 2010. Learn how to Format Cells and Data and learn Simple Formulas. We invite you to bring your own laptop (if you have Excel 2010/2013), and will provide laptops for those who need them. **Wednesday, June 10, 2015; 2:00 pm-4:00pm**

Monthly Tech Movie: This Island Earth (1955): Prepare to blast off from planet Earth in one of the most popular classic sci-fi films of all time! When atomic scientist Dr. Meacham (Rex Reason) is chosen to take part in a top-secret research experiment in a remote lab, he quickly discovers that he is really involved in an evil scheme by alien Metalunans to take over Earth. After he and the gorgeous Dr. Adams (Faith Domergue) make their escape shortly before the lab explodes, they are whisked away in a flying saucer to Metaluna, where they are blamed for the destruction. Will interstellar negotiation save the day or will the scientists be forced to take part in a treacherous battle to the death? Featuring incredible special effects that were 2 1/2 years in the making, this is one adventure that you have to see to believe! MPAA Rating: Un-Rated. Run Time: 86 minutes. Technology Subject: Extraterrestrial life/space travel/future technology (from a 1955 perspective!) **Friday, June 12, 2015; 7:00 – 8:30 p.m.**

Buying, Building OR Repairing Your Computer Workshop: Presented by DJ Dates; Assistant Professor in Computer & Information Science at Corning Community College. Learn how to troubleshoot, upgrade, & replace simple components in computers & notebooks, including hard drives, RAM, keyboards, screens & backlights. Learn how to prepare your working or broken older computer for recycling or reuse without worrying about losing control of your private information. Learn to identify when repairs are best left to professionals. **Tuesday, June 16, 2015; 10:00 am – 12:00 pm**

Microsoft Excel: Course III: Attendees must have taken “Microsoft Excel: Course I & II” or have working knowledge in basic use of Microsoft Excel 2010/2013. Learn Worksheet Basics, How to Sort Data, Multistep Formulas and How to Create a Chart in Microsoft Excel. We invite you to bring your own laptop (if you have Excel 2010/2013), and will provide laptops for those who need them. **Wednesday, June 17, 2015; 2:00 pm-4:00pm**

Teen Tech Friday: Comic Strip Maker: Unmask a great story when you create your own comic strip! Make your own characters and backgrounds, or use provided imagery to get started. Wacom tablets and Adobe Creative Suite will be available if you'd like to create imagery using these tools. **Friday, June 19, 2015; 3:30 pm - 5:00 pm**

3 D Printer Program: Jewelry: This program will include a brief 3 D Printer presentation and then attendees will modify select Jewelry templates from the Makerbot companion website Thingiverse to customize and print bracelets, necklaces & pendants.

Note: Because the 3 D Printer Process takes a while – attendees will have to pick up their creations at a later date. **Tuesday, June 23, 2014; 6:00 – 7:30 p.m.**

Exploring Excel Workshop: Join guest presenter DJ Dates; Assistant Professor in Computer & Information Science at Corning Community College and learn more about

Microsoft Excel! This class will BUILD on the basics of Excel. Attendees will learn how to do Simple Functions, Loan Payment Function and Relative, Absolute & Mixed Cell Referencing. You will also create an Amortization Table and learn how to Link Data across Worksheets & Files! **Wednesday, June 24, 2015; 2:00 pm – 4:00 pm**

Computer Security & Privacy Workshop: Computer Science expert D. J. Dates will host this program. Workshop attendees will gain insight on how to safely travel around their computer and the Internet. D. J. will also discuss Encryption and Script Blocking! **Thursday, June 25, 2015; 1:00 pm – 3:00 pm**
